Subject: Commitment to Support Indiantown Recreational Facility Improvements

Dear Mayor DiPaolo and Members of the Village Council:

On behalf of Florida Power & Light Company (FPL), the NextEra Energy Foundation is pleased to announce a commitment of \$250,000 to support improvements to the Village of Indiantown's sports fields and recreational facilities.

At FPL, we believe strong communities are built through meaningful partnerships, thoughtful investment, and a shared commitment to creating opportunities for local families. We are proud to partner with the Village of Indiantown on enhancements that will provide expanded recreational opportunities and lasting benefits for residents of all ages.

This contribution will help fund upgrades to athletic fields and recreational amenities that serve youth and adult sports leagues, community events, and families throughout the Village. We recognize the important role these facilities play in bringing people together, supporting healthy lifestyles, and strengthening community connections.

FPL intends to distribute this contribution in annual installments of \$50,000 over five years, with the first payment to be made in July 2026.

This investment reflects FPL's and the NextEra Energy Foundation's continued commitment to supporting the communities we serve. These funds are being provided for the sole purpose of improving community recreational assets for the public's benefit and long-term use, creating meaningful and tangible benefits for Indiantown families.

We look forward to continuing our partnership with the Village of Indiantown and supporting initiatives that enhance quality of life for current and future generations.

Sincerely,

A handwritten signature in black ink that reads "Pamela Rauch".
